

Parent Welcome Guide

“My Book Adventure” – A Creative Writing Journey for Young Authors (Ages 6–13)

Welcome, Parents & Grown-Ups!

We’re so excited your child is joining **My Book Adventure** — a fun and educational course designed to walk kids step-by-step through the process of writing their very own book!

This program is built for early and middle grade learners, and it encourages storytelling, creativity, and confidence. By the end, your child will have written and illustrated their very own story — and *we’ll take care of turning it into a professionally formatted book!*

What Your Child Will Experience

In this course, kids will journey through six interactive **Story Stations**, each one focusing on a part of the book-writing process:

1. **What's Your Big Idea?** – Exploring story ideas
2. **Let's Build Your Story** – Creating the beginning, middle, and end
3. **Let's Meet Your Characters** – Who's in the story?
4. **Let's Paint the Pictures** – Describing the setting and world
5. **Let's Write Our Story** – Putting it all together
6. **Add Some Art, Make It Pop!** – Adding illustrations and final touches

Each stop is guided by a friendly animated character in a “clubhouse” setting to make learning fun and age-appropriate.

What's Needed From You

- **Encouragement:** Your child may need help with typing, uploading audio, or brainstorming ideas.
- **Support:** Sit nearby during video lessons to help with tech needs or questions.

- **Submit Final Materials:** When your child finishes the course, they'll submit their story and artwork so we can finalize their book.
-

What You'll Receive

Once your child completes the adventure and approves their draft, you'll receive:

- A **professionally formatted copy of their book** via email (PDF or print-ready)
 - Distribution setup for **Amazon or other platforms**
 - An **Author Website Page**
 - A **Digital Rack Card** for sharing their book online
-
